## WHAT IS A WITCH?

You command the forces of magic through a pact with a mysterious patron that likely has its own agenda, receiving spells via an otherworldly familiar.

## EQUIPMENT

The following rules apply to Feiya's equipment.

**Agile** (trait): The multiple attack penalty you take on the second attack each round with this weapon is -4 instead of -5, and -8 instead of -10 on the third and any further attacks in the round.

**Backpack:** A backpack can hold up to 4 Bulk worth of items. If you're carrying or stowing the pack rather than wearing it on your back, its Bulk is light instead of negligible. The first 2 Bulk of items stowed in your backpack do not count against your Bulk limits (and are not included in your worn Bulk).

**Finesse** (trait): You can use your Dexterity instead of Strength to calculate your attack bonus (but not damage rolls) with this melee weapon.

**Reload** (trait): This weapon requires you to use 1 Interact action to reload before it can be read again.

**Scroll of Pet Cache:** When holding this scroll, you can cast *pet cache* (see Spells). After you Cast the Spell, the scroll is destroyed.

**Thrown** (trait): You can throw this weapon as a ranged attack. A thrown weapon adds your Strength modifier to damage just like a melee weapon does. When this trait appears on a melee weapon, it also includes the range increment in feet.

**Two-Hand** (trait): This weapon can be wielded with two hands. Doing so changes its weapon damage die to the indicated value.

**Versatile** (trait): A versatile weapon can be used to deal an alternate damage type listed. For instance, a piercing weapon that has "versatile S" can be used to deal piercing or slashing damage. Choose the damage type each time you make an attack.

## FEATS AND ABILITIES

Feiya's feats and abilities are described below.

**Oddity Identification** (general, skill): When you become aware of a magical effect or see a spell being cast, you can immediately determine if it twists minds (with the mental trait), fights against fortune (with the fortune or misfortune trait), or reveals secrets (with the detection, prediction, revelation, or scrying traits). At the GM's discretion, similar effects can also fall into these categories. When you Identify Magic or Recall Knowledge to learn more about these effects, you can always use Occultism without penalty and gain a +2 circumstance bonus.

**Patron (The Resentment):** Feiya's patron is a mysterious entity known to her only as the Resentment. It grants her the evil eye hex cantrip and teaches Daji enfeeble. It also grants Daji the familiar of ongoing misery familiar ability.

**Schooled in Secrets** (general, skill): You notice the signs and symbols that members of mystery cults and other secret societies use to declare their affiliation to fellow members. You can use Occultism in place of Diplomacy to Gather Information about such groups and in place of Deception to Impersonate a member of these groups. If you belong to a secret cult, lodge, sect, or similar organization, you automatically recognize members of your group unless they are specifically attempting to conceal their presence from you. They also recognize your standing unless you are specifically concealing it.

**Witch Spellcasting:** Your otherworldly patron has granted you a familiar to teach you magic. You can cast occult spells using the Cast a Spell activity. See the Spells section below for details on the spells you can cast.

Feiya's familiar, Daji, is more powerful than other familiars. If Feiya spends 1 action to command Daji, he gains 2 actions to use during the round. He can't use reactions.

**Familiar of Ongoing Misery:** Daji seems hostile to all creatures other than you, hissing at them if they get too near. When you Cast or Sustain a hex, Daji can curse a creature within 15 feet of him, prolonging the duration of any negative conditions affecting it by 1 round. This is a curse effect. This prolongs only conditions with a timed duration (such as "1 round" or "until the end of your next turn") and doesn't prevent conditions from being removed by other means.

**Scent:** Daji gains scent (imprecise, 30 feet).

**Share Senses:** Once every 10 minutes, you can use a single action, which has the concentrate trait, to project your senses into Daji. When you do, you lose all sensory information from your own body, but can sense through Daji's body for up to 1 minute. You can Dismiss this effect.

**Speech:** Daji speaks and understands Common.

## SPELLS

Feiya can cast the following spells. In addition to the spells Feiya has prepared today (see the front page), Daji also knows *charm*, *daze*, *gment*, *ill omen*, *mindlink*, *phantom pain*, *prestidigitation*, *read aura*, and *sigil*.

## Cantrips

**Detect Magic** % (cantrip, concentrate, detection, manipulate) **Area** 30-foot emanation; **Effect** You send out a pulse that registers the presence of magic. You receive no information beyond the presence or absence of magic. You can choose to ignore magic you're fully aware of, such as the magic items and ongoing spells of you and your allies.

You detect illusion magic only if that magic's effect has a lower rank than the rank of your detect magic spell. However, items that have an illusion aura but aren't deceptive in appearance (such as an *invisibility* potion) typically are detected normally.

**Forbidding Ward** % (cantrip, concentrate, manipulate) **Range** 30 feet; **Targets** 1 ally and 1 enemy; **Duration** sustained up to 1 minute; **Effect** You ward an ally against the attacks and hostile spells from the target enemy. The target ally gains a +1 status bonus to Armor Class and saving throws against the target enemy's attacks, spells, and other effects.

**Light** % (cantrip, concentrate, light, manipulate); **Range** 120 feet; **Duration** until your next daily preparations; **Effect** You create an orb of light that sheds bright light in a 20-foot radius (and dim light for the next 20 feet) in a color you choose. If you create the light in the same space as a willing creature, you can attach the light to the creature, causing it to float near that creature as it moves. You can Sustain the spell to move the light up to 60 feet; you can attach or detach it from a creature as part of this movement.

You can Dismiss the spell. If you Cast the Spell while you already have four *light* spells active, you must choose one of the existing spells to end.

**Shield** & (cantrip, concentrate, force); **Duration** until the start of your next turn; **Effect** You raise a magical shield of force. This counts as the Raise a Shield action, giving you a +1 circumstance bonus to AC until the start of your next turn (though it doesn't require a hand to

use), and allows you to use the Shield Block reaction. This shield has Hardness 5. You can use the spell's reaction to reduce damage from any spell or magical effect, even if it doesn't deal physical damage. After using the Shield Block action, this spell ends and you can't use it again for 10 minutes.

**Shield Block** ( **Trigger** You would be damaged by a physical attack while your shield is conjured; **Effect** You interpose your magical shield between yourself and the attack, reducing the damage by 5. You take any remaining damage.

**Telekinetic Projectile** % (attack, cantrip, concentrate, manipulate); **Range** 30 feet; **Targets** 1 creature; **Defense** AC; **Effect** You hurl a loose, unattended object that is within range and that has 1 Bulk or less at the target. Make a spell attack roll against the target's AC. If you hit, you deal 2d6 bludgeoning, piercing, or slashing damage—as appropriate for the object you hurled. No special traits or magic properties of the hurled item affect the attack or the damage.

**Critical Success** You deal double damage.

**Success** You deal full damage.

## 1st

**Enfeeble** % (concentrate, manipulate) **Range** 30 feet; **Targets** 1 creature; **Defense** Fortitude; **Duration** varies; **Effect** You sap the target's strength, depending on its Fortitude save.

**Critical Success** The target is unaffected.

**Success** The target is enfeebled 1 until the start of your next turn.

**Failure** The target is enfeebled 2 for 1 minute.

**Critical Failure** The target is enfeebled 3 for 1 minute.

**Pet Cache** & (extradimensional, manipulate); **Range** touch; **Target** 1 willing creature that is your familiar; **Duration** 8 hours; **Effect** You open your cloak or create a gap with your hands, drawing the target into a pocket dimension just large enough for its basic comfort. No other creature can enter this extradimensional space, and the target can bring along objects only if they were designed to be worn by a creature of its kind. The space has enough air, food, and water to sustain the target for the duration.

You can Dismiss the spell. The spell also ends if you die or enter an extradimensional space. When the spell ends, the target reappears in the nearest unoccupied space (outside of any extradimensional space you may have entered).

**Soothe** % (concentrate, emotion, healing, manipulate, mental); **Range** 30 feet; **Targets** 1 willing creature; **Duration** 1 minute; **Effect** You grace the target's mind, boosting its mental defenses and healing its wounds. The target regains 1d10+4 Hit Points when you Cast the Spell and gains a +2 status bonus to saves against mental effects for the duration.

Feiya can cast a number of hex spells, including a hex cantrip. Hex spells are a type of focus spell. It costs 1 Focus Point to cast a focus spell, and you start with a focus pool of 2 Focus Points. You refill your focus pool during your daily preparations, and you can regain 1 Focus Point by spending 10 minutes using the Refocus activity (*Player Core* 298) to commune with your familiar.

Hex cantrips are special hexes that don't cost Focus Points, so you can cast them as often as you like, though you can still use only one hex each round.

**Hexes:** You gain a pool of Focus Points that allows you to cast your witch hexes: *cackle* and *phase familiar*. Each use of these spells uses 1 Focus Point, and you have a total pool of 2 Focus Points. You can also use the hex cantrip *evil eye* without spending a Focus Point. You can cast only one hex per turn.

**Cackle** ' (uncommon, concentrate, focus, hex, witch); **Effect** With a quick burst of laughter, you prolong a magical effect you created. You Sustain a Spell.

**Evil Eye** & (uncommon, cantrip, curse, hex, manipulate, witch); **Range** 30 feet; **Targets** 1 creature; **Defense** Will; **Duration** sustained up to 1 minute; **Effect** Your patron's resentment manifests in a baleful, envious gaze. The target becomes sickened 1 if it fails a Will save (or sickened 2 on a critical failure). This condition value can't be reduced below 1 while the spell is active and you can see the target.

**Phase Familiar** ( (uncommon, focus, hex, manipulate, witch); **Trigger** Your familiar would take damage; **Range** 60 feet; **Targets** your familiar; **Effect** Your patron momentarily recalls your familiar to the ether, shifting it from its solid, physical form into a ghostly version of itself. Against the triggering damage, your familiar gains resistance 5 to all damage and is immune to precision damage.
